

Season's greetings!

As the President of the United States branch of the Kyung Hyang Media Group, I would like to take this opportunity to thank each member of the KYMG family for the warm welcome I have received as I settled into this new position. I am very proud to be a part of such a wonderful group of people! You have all demonstrated your great professionalism and expertise over and over again this past year, creating awesome products very quickly. Keep up the great work!

I have met many great men and women in my lifetime - people of great strength and character, who have given me many lessons on how to succeed in this world. Two of these men are Young Sik Lee and Kwang Suk Choi, my business partners and my "brothers". I want to thank Chairman Young Sik Lee for his warm welcome into the KYMG family and for his dedication to promoting both the Kyung Hyang Media Group and the martial art of Hap Ki Do around the world! Chairman Lee has treated me as a brother since we first met, and I am very grateful to him. I also wish to thank Grand Master Kwang Suk Choi for his great wisdom and humility. Without GM Choi, Chairman Lee and I would not have met. Grand Master Choi knew that Kyung Hyang Media and Hap Ki Do could benefit one another, and he was the one who started us down this great path!

I also want to thank the citizens of the great city of Toronto, both the Korean-speaking community and others, who have welcomed me to your city and your country with open arms! Every time I have visited Toronto, I have met wonderful people who have accepted me as one of their own. Thank you very much, Toronto!

Great things are in the works for the future of Kyung Hyang Media Group and for Hap Ki Do. We will work together to promote both of our enterprises around the world, starting in North America. Working together, we can become a global firm with a strong name and a great reputation of honor!

Wishing everyone a Merry Christmas and a Happy New Year,

Hee Kwan Lee, President  
Kyung Hyang Media Group, U.S.A.
